About IRAJ Research Forum (IRF):

The *IRAJ Research Forum* is an International non-profit academic association under 'Peoples Empowerment Trust' with the stated goals of promoting cooperation among scientists, defending scientific freedom, encouraging scientific responsibility, and supporting scientific education and science outreach for the betterment of all humanity. It is the one of the world's largest and most prestigious general scientific society.

Objective of IRF:

- ❖ To provide a world class platform to researchers to share the research findings by organizing International/National Conferences.
- ❖ To use the research output of the conference in the class room for the benefits of the students.
- ❖ To encourage researchers to identify significant research issues in identified areas, in the field of Science, Engineering, Technology and Management.
- ❖ To help dissemination of their work through publications in a journal or in the form of conference proceedings or books.
- ❖ To help them in getting feedback on their research work for improving the same and making them more relevant and meaningful, through collective efforts.
- ❖ To encourage regional and international communication and collaboration; promote professional interaction and lifelong learning; recognize outstanding contributions of individuals and organizations; encourage scholar researchers to pursue studies and careers in circuit branches and its applications.
- ❖ To set up, establish, maintain and manage centers of excellence for the study of /on related subjects and discipline and also to run self supporting projects for the benefit of needy persons, irrespective of their caste, creed or religion.

About IASTEM:

International Academy of Science, Technology, Engineering and Management (IASTEM) is a non-profit private association dedicated to the promotion of international education and university cooperation in the field of Science, Technology, Engineering and Management. It is a Branch of The international Institute of Engineers and Researchers (The IIER).

Conference Committee

Program Chair:

Dr. P. Suresh

INTERNATIONAL ADVISORY MEMBERS

Prof. Goodarz Ahmadi,

Professor, Mechanical and Aeronautical Engineering, Clarkson University, USA

Dr Chi Hieu Le,

Senior Lecturer, University of Greenwich. Kent ME4 4TB. United Kingdom

PROF. (ER.) Anand Nayyar

Department of Computer Applications & I.T.KCL Institute of Management and Technology, Jalandhar
G.T. Road, Jalandhar-144001,Punjab, India.

Prof. R. M. Khaire,

Professor, Dept. Of Elex. and Telecommunication, B, V University, India

Dr.P.Suresh,

Professor, Karpagam College of Engineering, Coimbatore,Tamilnadu

Mark Leeson

Associate Professor (Reader)

Area of Expertise: nanoscale communications,
evolutionary algorithms, network coding and communication systems

Dr. P. K. Agarwal

Professor, Deptt. of Civil Engineering, MANIT Bhopal ,Ph. D: IIT Kanpur
M.E: Civil Engg.IIT Roorkee, Membership: Indian Road Congress (IRC), Institute of Urban Transport (IUT)

Shahriar Shahbazpanahi

Islamic Azad University,

Department of Civil Engineering, Sanandaj, Kurdistan, Iran, PhD (Structural Engineering),
University Putra Malaysia, Malaysia ,

Harun Bin Sarip

Head of Research and Innovation Dept, UniKL-MICET
Doctorate : Universite de La Rochelle, France
Member : International Society of Pharmaceutical Engineer, Singapore Chapter

Dr. Buchari Lapau

Professor, Pekanbaru Hang Tuah Institute of Health (STIKes HTP),
Riau, Indonesia

Dr. Bilal Ali Yaseen Al-Nassar

The World Islamic Sciences and Education University (WISE)
Faculty of Business and Finance
Department of Management
Information System (MIS), Amman- Jordan

Dr. Md. Al-Amin Bhuiyan

Associate Professor
Dept. of Computer Engineering
King Faisal University
Al Ahssa 31982, Saudi Arabia

Prof. (Er.) Anand nayyar

Department of Computer Applications & I.T.
KCL Institute of Management and Technology, Jalandhar
G.T. Road, Jalandhar-144001
Punjab, India

Prof. Aleksandr Cariow

institution or Company: West Pomeranian University of
Technology, Szczecin

Dr. P. K. Agarwal

Professor, Deptt. of Civil Engineering, MANIT Bhopal, Ph. D: IIT Kanpur
M.E: Civil Engg. IIT Roorkee, Membership: Indian Road Congress (IRC), Institute of Urban Transport (IUT)

Dr. VPS Naidu

Principal Scientist & Assoc. Prof., MSDF Lab, FMCD
CSIR - National Aerospace Laboratories, Bangalore, India

Mr. P. Sita Rama Reddy

Chief Scientist, Mineral Processing Department, CSIR - Institute of Minerals & Materials Technology
Bhubaneswar, India, M.Tech. (Chem. Engg., IIT, KGP)

Dr. P.C. Srikanth,

Professor & Head, E&C Dept, Malnad College of Engineering, Karnataka
Senior Member IEEE, Secretary IEEE Photonics Society,
M.Tech: IIT, Kanpur, Ph.D: In IISc Photonics lab

Prof. Lalit Kumar Awasthi,

Professor, Department of Computer Science & Engineering
National Institute of Technology (NIT-Hamirpur),
PhD, IIT, Roorkee, M. Tech, IIT, Delhi

Dr. Chandra Mohan V.P.

Assistant Professor, Dept. of Mech. Engg., NIT Warangal,
Warangal. Ph.D : Indian Institute of Technology (IIT), Delhi
M.B.A: Alagappa University

Prof. I.Suneetha,

Associate Professor, Dept. of ECE, AITS, Tirupati, India

Dr.s. Chandra Mohan Reddy,

EDITORIAL

It is my proud privilege to welcome you all to the IASTEM International Conference at San Francisco, USA in association with The IIER. I am happy to see the papers from all part of the world and some of the best paper published in this proceedings. This proceeding brings out the various Research papers from diverse areas of Science, Engineering, Technology and Management. This platform is intended to provide a platform for researchers, educators and professionals to present their discoveries and innovative practice and to explore future trends and applications in the field Science and Engineering. However, this conference will also provide a forum for dissemination of knowledge on both theoretical and applied research on the above said area with an ultimate aim to bridge the gap between these coherent disciplines of knowledge. Thus the forum accelerates the trend of development of technology for next generation. Our goal is to make the Conference proceedings useful and interesting to audiences involved in research in these areas, as well as to those involved in design, implementation and operation, to achieve the goal.

I once again give thanks to the Institute of Research and Journals, IASTEM, The IIER for organizing this event in San Francisco, USA. I am sure the contributions by the authors shall add value to the research community. I also thank all the International Advisory members and Reviewers for making this event a Successful one.

Editor-In-Chief

CREATIVE CULTURAL TOURISM MANAGEMENT : STUDIES OF THAI PUAN RACE BAAN CHIENG COMMUNITIES , UDONTHANI, THAILAND

EKKACHAI SITHAMMA

Department of Tourism Industry and Hospitality Management, Suan Sunandha Rajabhat University, Thailand
E-mail: Ekkachai.si@ssru.ac.th

Abstract- Creative cultural tourism management : studies of Thai Puan race Baan Chieng Communities , Udonthani, Thailand For studies, Lifestyles and creative cultural tourism of Thai Puan, Baan Chieng Communities, Udonthani This research has been use method of research in qualitative. To managed creative culture tourism of Thai Puan by asset of culture to identify communities are not new idea but for being well- organized managed in tourism makes Thai Puan race in Baan Chieng communities become unique and different than the others with all gather.

Keywords- creative tourism, cultural tourism, tourism management, Thai Puan race Baan Chieng communities

I. INTRODUCTION

Thailand is land full of cultural diversity according to separated reigns but living harmony along with each identities and culture of Thai that's brought Thai people living in peace such a local wisdom, traditional and vision as asset or fundamental for living similarities or different in person, communities and society. (Theerayut Boonmee, 2003) Recently, Thailand has been changed and developed rapidly effected way of living and neglect important heritage "Cultural asset" that all local will gain from doing, experiment and learning from fault to adjust to became their own identities. (Eiam Thongdee, 2005) Baan Chieng Communities, Udonthani Province, to all memories people thinking of local land full of rice field. In contrary, group of race called "Thai Puan" which have their own identity including traditional, ritual, garments, language and ways of living. "Puan" represent people of thai race that once residence in city of Puan, Chieng kwang district in Loas. City has been called Puan assumed situated area near by Phu Puan mountain and also Puan people who has been emigrate to Siam in the end of Thon buri period until in time of Ratthanakosin period of King Rama. Puan people living in two district in Udonthani Province, Baan Pue district and Nonghaan district which Puan people in Nonghaan assumed that their ancestors emigrated from Puan city in Loas to place called "Phong Pang Jungle" that later has renamed to "Baan Chieng". Creative, refer to adding value that came from idea of mankind (Hawkins , 2010) to create new innovation combine with local wisdom and culture together with technology and new innovation to processed "creative idea" and build up inspiration from roots of culture and local wisdom that accumulated in society for increase value in economics and social values (Office of the nation

Economics and Social Development Board 2009:20) Development of creative idea are from organization, environment from knowledge and leading in person together with organization that has vision, mission and character of organization , leadership of innovation organization and person self-creativities that is center of organization which is significance of Research.

II. DETAILS EXPERIMENTAL

2.1 Objectives of study

Study to lifestyles and creative cultural tourism of Thai Puan, Baan Chieng communities, Udonthani.

2.2 Scope of study

This research is scope studies of creative cultural tourism: studies of Thai Puan race Baan Chieng Communities, Udonthani Thailand, which was :

1. Scope of research in population research in population by in-dept interview with people in communities including representative, local, tourism organization and homestays.
2. Scope of research in area of Thai Puan race, Baan Chieng communities, Udonthani , Thailand.
3. Scope of studies are focused on studies creative cultural tourism :studies of Thai Puan race, Baan Chieng communities, Udonthani , Thailand for build up possibilities progress of communities development for studies lifestyle and creative culture tourism of Thai Puan race , Baan Chieng , Udonthani.
4. Scope of time scope of this research is in period of January 2017.

2.3 Methodology and Data Analysis

This research has been use method of research in qualitative research for studies phenomenology in society of studies case for using Grounded Theory

which researcher studies by interview the interviewer word by word which leading to opportunity hypotheses leading to interviewing next representative until there are none others questions leading to others hypotheses, the researcher will stop interview which focused important of significant of question by their point of view which can explain process of situations or process of activities, act or interaction.) Pithak Siriwong 2014:14(

1. Target Population Researcher has selected target population which enroll part of developed communities 19 people which are all Key informant, 10 Thai Puan representative Baan Chieng, 3 Communities organization representative, 3 Tourism organization representation, 3 Homestay organization representative.

2. Data Gathering Researcher using In-depth Interview and Non participant observation in January 2017.

3. Tools for Data Gathering Researcher gathering data by collected interview information in paper, photo and voice record using voice recorder, notebook, stationary and camera.

Investigate data. Researcher using data Triangulation theory to investigate data by investigated :

1. Investigated source of information by collecting text, technical information and related literature

2. Investigate qualitative research in In-depth interview and Non Participant observation

3. Investigate Theory for using as guide-line and consider phenomenon involved management of creative cultural tourism of Thai Puan race.

Data analysis, Analysis this research by preparing open and closed end questions approved by qualified advisory that leads context of question in content validity which researcher using descriptive analysis for devide and analysis data.

III. RESULTS-AND CONCLUSIONS

Important of managed and developed Tourism to became success constantly are to produce all process that gather people in communities to be involved, to developed, to share idea, make decision and solve solution for whole communities together with support from expert advisor that understand, supported and monitoring process of communities or organization

Erwin 1976 (that are understanding solution which could turn into action that all action in process of solution has decided through organization who are act as leader that turn all action to change)Yupaporn Roabngam 2002:5(

To managed creative culture tourism of Thai Puan by asset of culture to identify communities are not new idea but for being well-organized managed in tourism makes Thai Puan race in Baan Chieng communities become unique and different than the others with all gather and help in Baan Chieng communities has bring all tourist heading to this new tourist attraction in creative cultural tourism of Baan Chieng communities, Udonthani, Thailand has been a role model to other communities in managed their communities to creative cultural tourism.

ACKNOWLEDGMENTS

The author would like to express sincere thanks to Suan Sunantha Rajabhat University for kindness and support to this paper.
