PROCEEDINGS OF
The IRES
INTERNATIONAL CONFERENCE

date: 16th -17th February, 2018  |  Venue: Zurich, Switzerland

In Association With
About IRAJ Research Forum (IRF):

The IRAJ Research Forum is an International non-profit academic association under ‘Peoples Empowerment Trust’ with the stated goals of promoting cooperation among scientists, defending scientific freedom, encouraging scientific responsibility, and supporting scientific education and science outreach for the betterment of all humanity. It is the one of the world’s largest and most prestigious general scientific society.

Objective of IRF:

- To provide a world class platform to researchers to share the research findings by organizing International/National Conferences.
- To use the research output of the conference in the class room for the benefits of the students.
- To encourage researchers to identify significant research issues in identified areas, in the field of Science, Engineering, Technology and Management.
- To help dissemination of their work through publications in a journal or in the form of conference proceedings or books.
- To help them in getting feedback on their research work for improving the same and making them more relevant and meaningful, through collective efforts.
- To encourage regional and international communication and collaboration; promote professional interaction and lifelong learning; recognize outstanding contributions of individuals and organizations; encourage scholar researchers to pursue studies and careers in circuit branches and its applications.
- To set up, establish, maintain and manage centers of excellence for the study of related subjects and discipline and also to run self supporting projects for the benefit of needy persons, irrespective of their caste, creed or religion.

About TheIRES:

The Institute of Research Engineers and Scientists (TheIRES) is a non-profit organization that promotes the Engineering and Technology, related latest developments and issues to be discussed and experimented through interactions amongst the researchers and academician across the globe at a common platform in association with The IIER, Academics World & ISER.
Conference Committee

Program Chair:

Dr. P. Suresh
M.E, Ph.D. Professor and Controller of Examinations,
Karpagam College of Engineering,
Coimbatore, India

Hani N Hermiz
Agricultural College University of Salahaddin,
Erbil.

Conference Manager:
Mr. Bijan Kumar Barik
Mob: +91-9776047497

Conference Convener:
Miss. Priyanka Yadav, TheIRES
Mob: +91-7809593053

Publication Head:
Mr. Manas Ranjan Prusty, IRAJ, India

INTERNATIONAL ADVISORY MEMBERS

Prof. Goodarz Ahmadi,
Professor, Mechanical and Aeronautical Engineering,
Clarkson University, USA

Dr Chi Hieu Le,
Senior Lecturer, University of Greenwich, Kent ME4 4TB,
United Kingdom

PROF. (ER.) Anand Nayyar
Department of Computer Applications & I.T KCL Institute of Management and Technology, Jalandhar
G.T Road, Jalandhar-144001, Punjab, India.

Prof. R. M. Khaire,
Professor, Dept. Of Elex. and Telecommunication,
B, V University, India

Dr. P. Suresh,
Professor, Karpagam College of Engineering, Coimbatore,Tamilnadu

Mark Leeson
Associate Professor (Reader)
Area of Expertise: nanoscale communications,
evolutionary algorithms, network coding and communication systems

Dr. P. K. Agarwal
Professor, Deptt. of Civil Engineering, MANIT Bhopal,Ph. D: IIT Kanpur
M.E: Civil Engr.IIT Roorkee, Membership: Indian Road Congress (IRC), Institute of Urban Transport (IUT)

Shahriar Shahbazpanahi
Islamic Azad University, Department of Civil Engineering, Sanandaj, Kurdistan, Iran,
PhD (Structural Engineering),
University Putra Malaysia, Malaysia, 2009-Present

Harun Bin Sarip
Head of Research and Innovation Dept., UniKL-MICET
Doctorate: Université de La Rochelle, France, Member:
International Society of Pharmaceutical Engineer, Singapore Chapter

Dr.Bilal Ali Yaseen Al-Nassar
The World Islamic Sciences and Education University (WISE)
Faculty of Business and Finance
Department of Management, Information System (MIS), Amman- Jordan

EDITORIAL

It is my proud privilege to welcome you all to the TheIRES International Conference at Zurich, Switzerland. I am happy to see the papers from all part of the world and some of the best paper published in this proceedings. This proceeding brings out the various Research papers from diverse areas of Science, Engineering, Technology and Management. This platform is intended to provide a platform for researchers, educators and professionals to present their discoveries and innovative practice and to explore future trends and applications in the field Science and Engineering. However, this conference will also provide a forum for dissemination of knowledge on both theoretical and applied research on the above said area with an ultimate aim to bridge the gap between these coherent disciplines of knowledge. Thus the forum accelerates the trend of development of technology for next generation. Our goal is to make the Conference proceedings useful and interesting to audiences involved in research in these areas, as well as to those involved in design, implementation and operation, to achieve the goal.

I once again give thanks to the Institute of Research and Journals, TheIIER, TheIRES for organizing this event in Zurich, Switzerland. I am sure the contributions by the authors shall add value to the research community. I also thank all the International Advisory members and Reviewers for making this event a Successful one.

GUIDELINE OF CULTURAL TOURISM MANAGEMENT CASE
STUDY THE ARTS AND CULTURE OFFICE AT
SUANSUNANDHARAJABHAT UNIVERSITY

WEERA WEERASOPHON
SuanSunandha Rajabhat University, Bangkok Thailand
E-mail: weera.wc@ssru.ac.th

Abstract - This paper is aims to study and survey a potential in the areas affecting Guideline of Cultural Tourism Management Case Study The Arts and Culture office at SuanSunandhaRajabhat University as a survey research. The sample population is executives and faculty members, including persons related to The Arts and Culture office at SuanSunandhaRajabhat University total: 6 persons. The tools of research is used in the research as in depth interview which, the researcher distributed in-depth interview form. The obtained data was brought to conduct content analysis by brainstorming from expert academician, as well as, persons related to university management of Rajabhat University in order to consider readiness is cultural tourism management for Cultural Tourism Management Case Study The Arts and Culture office at SuanSunandhaRajabhat University.

From the study results, it is found that the guideline of Cultural Tourism Management Case Study The Arts and Culture office at SuanSunandhaRajabhat in the beginning the The Arts and Culture office should survey their SWOT and then try to do the marketing plan for promoting this office including the management plan.

Index Terms - SuanSunandhaRajabhat University, The Arts and Culture office, Tourism management

I. INTRODUCTION

The service and tourism industry in Thailand is very motivating and attractive for every tourists around the world to gain more attention to both aspects of the arts and culture that lead to Thailand is the most popular tourist destination for tourists around the world.[1] The number of tourists increase dramatically in each year until this year 2011 there are approximately 15 million tourists visited Thailand, moreover it is the industry generating many relevant business as, in each year, it can generate income into the Country in foreign currency for hundred billion Baht., [2] The Tourism Authority of Thailand (TAT) notice the tendency of tourists who would travel to Thailand in 2016, total 30 million tourists, generating income approximately 2.0Trillion Bath. Whereas the sustainable tourism is the concept of visiting a place as a tourist and trying to make only a positive impact on the environment, society and economy. Tourism can involve primary transportation to the general location, local transportation, accommodations, entertainment, recreation, nourishment and shopping. It can be related to travel for leisure, business and what is called VFR (visiting friends and relatives). [3] (Weera, 2015) There is now broad consensus that tourism development should be sustainable however, the question of how to achieve this remains an object of debate. These can be seen that sustainable tourism is significant kind of tourism that consist in the whole tourism industry.

Rajabhat Universities were formerly called Rajabhat Institutes and originally formed the teachers college system. In 2004, King BhumibolAdulyadej collectively elevated them to be universities. Most provinces have one and they are generally easier to gain admission to than the "public universities" (formerly the government universities). Most Rajabhat Universities offer graduate degrees, some even to the doctoral level. This university is important for Thai people similar to the temple which is important for Thai culture in the past time [4] (Weera, 2017) Thai temple has influenced with Thai life, art and culture of Thailand that Thai temple is not only important for Buddhist monk, local life, art, culture, but also it is the place that provide education, village meeting place

This study was conducted in order to determine and study Guideline of Cultural Tourism Management Case Study The Arts and Culture office at SuanSunandhaRajabhat University. It leads to study to promote the The Arts and Culture office at SuanSunandhaRajabhat University to the tourism market and gain more reputation for SuanSunandhaRajabhat University that have their own cultural identity and different for other University in Thailand.

II. OBJECTIVE

The objectives of the research are the following
1) To study the elements of culture tourism management for The Arts and Culture office at SuanSunandhaRajabhat
2) To Guideline of Cultural Tourism Management for The Arts and Culture office at SuanSunandhaRajabhat University.

III. RESEARCH METHODOLOGY

In this paper, the researcher did the literature review as collecting all information about history of Buddhist
This paper is set up as the form of qualitative research. The management theories are reviewed for example, [5] Peter F. Drucker, Thomas J Peters, Edward Deming, and Douglas Murray McGregor. Moreover, the researcher has to analyze the situation of Thai tourism. This paper is set up as the form of qualitative research methods which, is also a survey research and able to be described the details of research project was carried out as follows: [6] (Vichit, 2010)

Phase 1: The researcher arranged discussion meeting regarding the study of the Guideline of Cultural Tourism Management Case Study The Arts and Culture office at Suan Sunandha Rajabhat University therefore, the researcher hereby presents the analysis of interview forms as follows:

The interview forms for the study of readiness in the Guideline of Cultural Tourism Management Case Study The Arts and Culture office:

The first interviewee (Asst.Prof.Dr.NiponSasithornsawapa as Dean of Faculty of Humanities and Social Sciences)

Actually, we should have some plans for motivate the cultural tourists. The responsible executives must have the role in decisive decision making importantly, must make the plan and communicate to responsible of Arts and Culture Office using the Rajabhat Universities as the hub to all relevant regions, namely community, folk sage, tourism technician, marketing personnel, entrepreneur, tour guide, for example the Universities wish to develop cultural tourist attractions, the excellent expert of the community, technician from the Ministry, community are invited to jointly develop the tourist attractions the relate with Arts and Culture Office. Our Universities should prepare short-term plan to be an urgent plan, conduct survey and observation in successful tourist attractions in order to apply and issue policy and find a strong point of the Universities to be a selling point supported by budget in order to encourage our Arts and Culture Office to be as a cultural tourism..

The second interviewee (Asst.Prof.Chantouch Wannathanom as Head of Tourism and Hospitality Industry Program)

In my point of view, it is not only our university to run the tourism promotion but also all sectors have to do this project as government, BKK governor, communities. However, we firstly emphasize on our tourism SWOT to make our selling point such as our royal palace people, our architecture, and traditional food then we should analyze external environment as our community, tourists, Thai people, and Tourism business. It leads to make as opportunities to set up a tour program that relate with a museum, temple, royal temple, Dusit zoo including a shopping place as Banglumpoo, Kao san road.

III. RESULTS

Guideline of Cultural Tourism Management Case Study The Arts and Culture office at Suan Sunandha Rajabhat University have the objectives to study the elements of management affecting the Arts and Culture office and to Guideline of Cultural Tourism Management for The Arts and Culture office at Suan Sunandha Rajabhat University study. The researcher utilized a qualitative research model, and the tools utilized in research procedure are in-depth interview having questions for open interview from academic experts, as well as, persons related to the Arts and Culture office, total: 6 persons. The persons included in this research consist of executives, faculty members, the Arts and Culture office around the University which are knowledgeable and experienced persons.

The researcher arranged discussion meeting regarding the study of the Guideline of Cultural Tourism Management Case Study The Arts and Culture office at Suan Sunandha Rajabhat University therefore, the researcher hereby presents the analysis of interview forms as follows:

The interview forms for the study of readiness in the Guideline of Cultural Tourism Management Case Study The Arts and Culture office:
kinds of media as Facebook, Instagram or websites to do more advertising for tourist group who interested to visit real Thai culture. By the way, we must manage our Arts and Culture Office run as private business which looks more interesting and amazing of operation. If we can run our Arts and Culture Office as a private sector, our Arts and Culture Office will gain all kind of tourist as child, kid, international tourist, family group to visit our museum on long run business.

Lastly, I think this project can be definitely do because our Arts and Culture Office get the license from Thai Fine Arts Department, according to it is older than 100 years old as to be National Historic Site but we must intend to do and run as private segment to do and done before.

Third interviewee (Asst.Prof.Rewadeelntarakurnnerd as a former Head of Tourism and Hospitality Industry Program) Our university has our identity as a royal palace belong to King RAMA V until year 1932. It was changed to be as the educational instate. However, we must manage our internal environment and Arts and Culture Office which our management team must focus to promote this project. Then Arts and Culture Office should renovate all the environment and architecture to be as a old royal palace and also set up the activities that related with the cultural tourism as Thai cuisine, Thai royal costume, and royal museum. Then we have to promote our identity via social online as facebook, line, and website. The forth interviewee (Mr. AnantachaiAeka as a Director of Arts and Culture Office) in case of guideline of tourism promotion to our Arts and Culture Office, I am behalf of director of this office, we normally renovate our physical environments however, our public relation is not too strong driving but we already find the partnership with the Museum Siam which have 40 museums in our cooperate in order to promote more tourists especially, we have Saisuthanoppadol Building that is promoted to be award of arts and culture which congratulatare award from Her Royal Highness Princess MahaChakriSirininthorn. Moreover, we have a building 27th or Saisuthanoppadol Building which is the museum and knowledge resources from the consort of a prince so that we set up Thai traditional music, dancing costume and build more car park and rest room for Thai and international tourists.

The fifth interviewee (Ms. NatenapaLuangsa - art as Head of Hotel and Lodging Business Program) Our SSRU should promote seriously Arts and Culture Office in term of cultural tourism. We should do more public relation plan for all tourist who interest museum travel. However, we should try to produce our own souvenirs for tourists who come to visit our museum and motivate them to buy more our product. There are our varieties of Thai food to present and sell to all tourists as a lunch or dinner meal.

By the way, we should ass more our sign map, history bookel, video, DVD for tourist who interested our museum as a arts and cultural tourism.

The sixth interviewee (Mr.KrittatouchTuntinithikul as President of Tourism and Hospitality Industry student) Our SSRU should firstly give and educate all about our history to all students, SSRU staff because they will be as a SSRU tour guide when the tourists come to visit our university and Saisuthanoppadol Building. In additional, Internal environment should be adjusted such as car park, some buildings, restrooms because they can motivate more the tourists when our facilities are ready to service.

CONCLUSION

The researcher reviewed the literature and collects relevant research papers to develop into an in-depth interview and analysis the data in the form of Content Analysis found that Guideline of Cultural Tourism Management Case Study The Arts and Culture office at SuanSunandhaRajabhat University. The Art and Culture office should be a group or agency that will work to manage the tourism of the Museum of Arts and Culture seriously that separate as the division of duties clearly. It may be provided by university personnel and other relevant agencies together with faculty and students to promote cultural tourism. The group is responsible for the promotion of cultural tourism by the Arts and Culture office. The SuanSunandhaRajabhat University should be supervised and explored, and the points that need to be improved within the university to promote cultural tourism. Consistently, the researcher did the the in-depth interviews Ms. NatenapaLuangsa – art as Head of Hotel and Lodging Business Program it was found that there should set up the sign map and the way to visit the Arts and Culture office to tell and promote more people to visit which consistent with Asst. Prof.ChantouchWannathanom as Head of Tourism and Hospitality Industry Program commented that the improvement and convenience of the parking area was adequate for those who came to travel and visit our museum.

In additional, the Arts and Culture office should operate the story of history of the university, SuanSunandha Palace and the Arts and Culture office that consistent with Asst. Prof.Dr.NipomSasithornsawapa as Dean of Faculty of Humanities and Social Sciences said that the Department of Art and Culture office should provide the information to spread abroad to the perception in order to encourage tourists to know our history and the important of cultural tourism. This is exactly the same as the commentator’s comment who is Asst.Prof.Rewadeelntarakurnnerd as a former Head of Tourism and Hospitality Industry Program said the all the students should visit the Arts and Culture Office to know that the value and know how important which is
the of the most beautiful places in Bangkok. This place is licensed and award from Thai Fine Arts Department to be as a National Historic Site that is more than 100 years old where cannot be repaired or rebuilt without the permission of the Department of Fine Art. This place is the great cultural value, students should be well-acquainted, have introduced and proud of our university that we have the opportunity to study in ancient places and cultural values.

At the same time, the group responsible for tourism administration and management of the Arts and Culture office in SuanSunandhaRajabhat University must have own context of the department which must be explored. This is a good way to promote cultural tourism in the context of the interview as Mr. AnantachaiAeka as a Director of Arts and Culture Office said that we have a building 27th or Saisuthanoppadol Building which is the museum and knowledge resources from the consort of a prince so that we set up Thai traditional music, dancing costume and build more car park and rest room for Thai and international tourists. If the Arts and Culture office in SuanSunandhaRajabhat University promote cultural tourism seriously the the Arts and Culture office is to be cooperated with the Bangkok Metropolitan governor for example, signs are made to measure accurately and clearly in many different ways. Include a sheet of information. The importance of our culture is Saisuthanoppadol Building where the important buildings as well as interesting activities within the university is cooking Thai traditional food, Thai traditional massage.

When the Guideline of Cultural Tourism Management for the arts and culture office is more clear and concrete as above. The Art and Culture office at SuanSunandhaRajabhat University and including communities as well as the government departments that have to have a plan or guidelines for making public relations for both Thai and international tourists to be aware and interested in cultural tourism with SuanSunandha Palace and the arts and culture office including interesting building via the variety media such as the Internet, social media, leaflets or public relations from various agencies to cooperate.

ACKNOWLEDGMENT

This research can be finished by the support of Associate Prof. Dr. LuedechGirdwichai and every SuanSunandhaRajabhat University staff Finally, the researcher wish to express the gratitude to SuanSunandhaRajabhat University to support the piece of research to be successful.
